InspireNOLA offers Covid-19 and antibody testing to staff, families

NEW ORLEANS – InspireNOLA Charter Schools is partnering with Louisiana Academic Health to offer our staff and their families Covid-19 antigen tests and rapid Covid-19 antibody tests this week.

The testing is open to all employees, their spouses, and their children and is free for all covered under InspireNOLA’s health insurance plans.

“We are offering these tests in response to requests from our staff,” InspireNOLA CEO Jamar McKneely said. “We encourage all the InspireNOLA family to be tested and to know their status.”

About InspireNOLA Charter Schools

InspireNOLA Charter Schools operates a network of seven public charter schools in New Orleans, Louisiana. Founded in 2013, InspireNOLA is currently the highest performing open-admission charter management organization in New Orleans and is the only network with one A-graded school and two B-graded schools.
